# CUSTOM VOCATIONAL CHASSIS

Spartan Chassis, Inc. is a world-class leader in the design, engineering and flexible production of chassis, specialty vehicles and aftermarket parts for the defense, emergency response and outdoor recreation markets.

Spartan has made significant investments in facilities, equipment and skilled automotive personnel to support these markets. Flexible production lines allow quick re-configuration and/or ramp up to meet customer requirements. Spartan's campus features 11 state-of-the-art buildings for a total of more than 700,000 square feet of manufacturing space.

Contact a Spartan representative for a consultation on how Spartan can meet your custom needs.
