
Spartan Chassis. The Industry’s Only Luxury Chassis is The Premier Foundation.
Riding on the industry’s best Class A motorhome chassis means something more. From a superior ride to better handling, coach owners who choose a Spartan chassis can “feel the difference” from the first time they take the wheel. Motorcoaches riding on Spartan chassis offer a smoother, safer ride, combined with the hallmarks of quality and durability that last the lifetime of the RV.

**SUPERIOR RIDE & HANDLING**
It all starts with the Superior Ride & Handling. From our industry-best turn radius, to our more luxurious driver and passenger in-cab experience, riding on a Spartan feels different for a reason. From race-inspired shocks to heavy-duty axles, all the way to Spartan’s wider wheelbase and stouter stance, Spartan chassis were made to handle, not to be babied through corners and tough terrain.

**SAFETY & INNOVATION**
Spartan is committed to developing chassis boasting industry-leading innovations that keep drivers and passengers safe, so you can focus on the ride ahead.

**SERVICE & SUPPORT**
From Spartan’s network of hundreds of service centers spanning the United States and Canada, to our always-available telephone support staff, to the industry’s most comprehensive owners’ training programs, Spartan’s commitment to keeping our owners on the road, confident, and content is our top priority.

**QUALITY & DURABILITY**
Spartan is committed to engineering and sourcing high-quality component parts that combine together to create a reliable, better-wearing, and longer-lasting chassis. Each Spartan chassis is built by hand, with exacting standards alongside the highest quality components engineered to outperform and outlast, no matter where the road ahead may lead.

**EXTENDED FAMILY**
When you buy a Spartan chassis, you’re getting more than just backbone and brawn. On top of industry-leading performance and progressive engineering, you’re getting connected. Spartan owners are considered a part of our family, and our owners’ community is vibrant and growing.
Our ultra stable rear suspension employs outboard mounted airbags and shocks. Our purpose-built passive steer tag axle (pictured below) further increases maneuverability.

Race-inspired Bilstein shocks are tuned specifically to our OEM’s exacting standards through testing and validation which reduces driver fatigue.

Each chassis is dynamometer tested with 165 checks before they leave the factory.

Delivering the industry’s best wheel cut at 55°, Spartan’s Independent Front Suspension and Passive Steer Tag Axle were engineered to create the maneuverability you’ve come to expect.

Spartan is the one that understands what a motorhome is supposed to feel like.

WHAT SETS A SPARTAN CHASSIS APART

- Our frame systems are engineered, tested and powder-coated to last a lifetime
- Cummins turbocharged diesel engine with it's powerful and more efficient engine brake makes mountain driving much safer
- The Allison six-speed transmission and easy-to-use electronic shifter allows you to enjoy the journey
- Column Drive* for effortless driving in any weather condition
- 20,000 lbs. integrated hitch allows Spartan owners to take it all with them
- Filters, batteries and other components are conveniently located in a centrally located Easy Access On-Board Service Center
- Campground-friendly, vertically-stacked cooling package that reduces debris between cores
- Electronically controlled air management system makes coach leveling a breeze
- Steering wheel features integrated controls with driver and passenger memory settings
- Laser-etched wiring every 4-6 inches for easy trouble shooting

*Available on select makes and models.
BE PROTECTED
ANYTIME, ANYWHERE SUPPORT IS JUST A PHONE CALL, OR A FEW MILES AWAY

Your adventures on the road don’t always happen between 9:00 AM and 5:00 PM. Spartan Customer & Product Support is just a phone call away and is available day or night.

ROADSIDE ASSISTANCE

You are never far from one of our hundreds of service centers. Spartan Authorized Service Centers are equipped with licensed and insured technicians, who complete regular training to keep current on the Spartan product. We are available 24 hours a day, seven days a week by calling 800.543.4277.

Visit: spartanchassis.com/service to find a service location near you.

BE IN THE KNOW

Spartan Owners’ Training Academy is an exclusive training program that gives owners in-depth instruction on how to best operate, maintain, and service their coach. Intimate class sizes, on-the-road driving instruction, and networking with other owners are just a few of the many highlights the Academy provides.

HERE’S MORE:

◆ Instruction on troubleshooting including:
  ■ Electrical
  ■ Air systems
  ■ Suspensions
◆ Chassis maintenance and schedules
◆ Weighing and tire pressure
◆ Spartan customer & product support/warranty information
◆ On-the-road drive time with a certified instructor
◆ Coach walk-around with a certified Spartan Chassis Technician
◆ Factory tour
◆ Deep discounts on parts & accessories

You can find more information on the events and rallies we’re attending by visiting: spartanchassis.com/rv/rv_events.asp

INDUSTRY BEST WARRANTY

Every Spartan chassis comes with the industry’s best 3-year/50,000 mile transferable warranty. Our chassis also includes an industry-first lifetime frame warranty as well as a 5-year/100,000 mile Cummins Engine warranty and an Allison Transmission 5-year/200,000 mile warranty.

BE CONNECTED

Owning a motorcoach built on a Spartan chassis automatically makes you a part of Spartan’s extended family. From a broad range of owner-exclusive training opportunities to discounts on parts and accessories for your coach, being a part of the Spartan network means something more.

Spartan encourages membership in a broad range of organizations and groups that further extend the outreach of RV’ing and make the pastime fun and enjoyable for its participants.

To that end, Spartan attends a number of rallies and shows across the country in order to reconnect with and service its owner community. Our expert staff of engineers, parts, and service personnel is available to answer questions you have about your Spartan chassis.
